

# QUALITY POLICY

We at Polygenta Technologies Limited consider Quality as one of our principal strategic objectives & are committed to respond creatively and competitively to the changing needs and aspirations of our customers to improve customer satisfaction through relentless pursuit of innovation and quality management across our businesses, to continuously offer superior, sustainable quality products and services.

- We will maintain an open communication channel with all our consumers and customers to monitor their feedback for improvement of our products and services and periodic updation of our quality standards.
- We are also committed to extend our Quality standards to our business associates by entering into alliances with them, to jointly improve the quality of our products and services, from our own facilities as well as production that is outsourced.
- We will periodically review this Quality policy for its effectiveness and consistency based on our business objectives.
